

Welcome to MAPLE

Dear parents,

Welcome to the final summer term I hope you have had an enjoyable break over Easter. I am looking forward to another very exciting and productive term. I hope the children enjoy the new challenges and topics we will be learning this term!

Homework

Maths and English homework will continue to be set most weeks to consolidate class work and at the same time enable you to see what the children are learning. Maths homework will be given on Friday for return the following Monday. English homework will be given on Monday for return the following Wednesday.

Spelling

Spelling will continue to be given on Monday. These may be spelling patterns, spelling rules, high frequency words or words related to topic work. Your support in helping your children learn these words at home is appreciated. Hopefully children will apply new words to their work all the time rather than just remembering them for a weekly test.

Reading

Your child will take part in many reading activities in class through all subject areas. In addition they have a reading book for home (please hear them read as often as possible). These books need to be in school every day and can be changed whenever the previous one has been completed. On completion children will be expected to place their current reading book in the Reading box before lunchtime ready for changing. Even though many of the children are now competent readers, it is very important that their vocabulary is extended and their conversational skills are developed as you hear them read. Your help is invaluable.

Physical Education

PE will be on **WEDNESDAY** (indoor) and on **Friday** (outdoor). Please ensure your child has their PE/outdoor kit in school on these days and that all items are clearly labelled. You may wish to send trainers, a sweatshirt and tracksuit bottoms for outdoor lessons, especially as the weather is may be cooler.

Topics

Topics this term include 'Sound' in Science and 'Anglo Saxons' in History. Conversational French will continue to be taught.

Please come to school if you feel that your child is experiencing any problems – something minor to us can seem a major issue to a child. I am usually free after school each day, except Wednesday.
